

24 — 27
FEBRUARY 2027

Robotti & Gualdi: **The Sculpted Face**

Advanced Techniques in
RHINOPLASTY and FACELIFT

Robotti
Rhinoplasty

ACADEMY

Robotti

Primary Contemporary Rhinoplasty and its variations

- Analysis of the rhinoplasty patient
- Access and Dissection
- Structural Rhinoplasty
- Preservation Rhinoplasty: Cartilaginous Pushdown and Full Letdown
- Hybrid Rhinoplasty
- Power tools and Piezo for osteoplasty and osteotomy
- Augmenting and lowering the radix
- Correction of the Deviated Nose
- Septoplasty and its variations
- Tip sutures and their algorithm
- Achieving a straight and properly oriented sidewall
- Lateral crura struts and alar contour grafts
- Alar wedges, final camouflage and free diced cartilage
- Postop care: tips and tricks

Gualdi

Contemporary Facelift: Deep Plane and variations

- From facial analysis to surgical plan: selecting the right candidate for deep plane facelift
- Planning of the skin incision and vectors
- Approach, access and safe dissection: from skin incision to the SMAS
- Entry points and dissection planes under the SMAS
- Retention ligaments: release, preservation and their role in midface support
- Neck and platysma: management of the cervical structures
- The concept of the "Preservation" Deep Plane Facelift: what changes
- The use of the surgical net and haemostatic glue
- Postoperative management and preventing complications: practical tips & trick

Moderation and debate by Roman Kufa

DAY 1

Wednesday - 24 February 2027

08:00	Registration and breakfast	14:15	FACELIFT: GENERAL PRINCIPLES AND PERSONAL PEARLS - <i>Alessandro Gualdi</i>
08:30	The rationale and the Hybrid Approach: the DORSUM (Combining Structure and Preservation) - <i>Enrico Robotti</i>	15:00	CASE 2 ANALYSIS
09:15	CASE 1 ANALYSIS	15:15	CASE 2 (Primary Facelift - the "Deep-Plane Facelift": the step-by-step benchmark)
09:30	CASE 1 (Structural Primary Rhinoplasty)	19:15	DAY REVIEW
13:15	LUNCH		

DAY 2

Thursday - 25 February 2027

07:45	The rationale and the Hybrid Approach: the TIP (Combining Structure and Preservation) - <i>Enrico Robotti</i>	14:15	VIDEOFOCUS on Facelift: KEY MANEUVERS AND TECHNICAL DETAILS - <i>Alessandro Gualdi</i>
08:30	CASE 3 ANALYSIS	15:00	CASE 4 ANALYSIS
08:45	CASE 3 (Hybrid Primary Rhinoplasty)	15:15	CASE 4 (Deep Plane Face and Neck Lift)
13:15	LUNCH	19:15	DAY REVIEW

DAY 3

Friday - 26 February 2027

08:00	CASE 5 ANALYSIS	14:15	CASE 6 ANALYSIS
08:15	CASE 5 (Post-Trauma Rhinoplasty: crooked nose)	14:30	CASE 6 (Temporal lift and eyebrow repositioning)
12:30	LUNCH	18:30	SHORTENING YOUR LEARNING CURVE IN FACELIFT: WHAT MATTERS - <i>Alessandro Gualdi</i>
13:30	SHORTENING YOUR LEARNING CURVE IN PRIMARY RHINOPLASTY: WHAT MATTERS - <i>Enrico Robotti</i>	19:15	DAY REVIEW
		20:00	SOCIAL DINNER

DAY 4

Saturday - 27 February 2027

08:30	VIDEOFOCUS on Rhinoplasty and Facelift: technique-focused tips and tricks	11:15	THE TOOLS that Matter in Rhinoplasty and Facelift
10:00	COFFEE BREAK	12:00	"Speak up!" Burning questions and unresolved issues
10:30	ANALYSIS AND EXECUTION IN BRIEF – case examples to illustrate variables in Rhinoplasty and Facelift	12:30	Cases brought by attendees
		13:00	LUNCH and GOODBYE TOAST

REGISTRATION FEES

EARLY RATE

2.800 Euros

payment received UNTIL
September 13, 2026
VAT included

LATE RATE

3.500 Euros

payment received FROM
September 14, 2026
VAT included
